

clinical trigger

donate life

Have you given your patient the opportunity to G.I.V.E? →

G	I	V	E
GCS ≤5	Intubated	Ventilated	End of life care

www.donatelife.gov.au

- The **GIVE Trigger** aims to help clinicians identify potential organ and tissue donors
- It is endorsed by ACEM and ANZICS
- If your patient is **intubated and ventilated** in ED or ICU, with **GCS ≤5** and **end of life discussions** are planned, please contact the **ICU Admitting Officer** and the **Area Donor Coordinator (via RNSH Switch)** so that organ and tissue donation can be considered
- If there is no response within 5 minutes, please call the **Designated Specialist Coordinator** on 9963 2801
- There is no age limit to organ and tissue donation and many patients with comorbidities can go on to become donors.
- If in doubt, please call.
